

Maths

During this term, we will be focused on telling the time and using it in context. Also, we will recap mass and capacity and the four calculations ready for year 4. We will continue to practise the 2x, 3x, 4x, 5x, 8x and 10x tables.

Year 3

Summer 2 Newsletter

'The Human Body - How Does it Work?'

Welcome to Year 3! The Year 3 Team:

Mr Tiffany, Mrs Spencer, Mr Poyner,
Mrs Mcmillan, Mrs Urresti, Mrs
Bracken, Miss Feneley, Mrs Fraser,
Miss Baran and Miss Harriman.

PE will be on a **Monday** and **Friday** afternoon. Our PE units this term will be athletics and a free-choice unit.

Please make sure your child has appropriate clothing in school for all weathers.

English

We will write a set of instructions based on a recipe and a non-chronological report about the human body.

Reading

Year 3 will be given a levelled book by their teacher, along with the opportunity to choose a book from the library. Reading records will be regularly checked and we expect - as a guide- to see three comments in their reading record, per week.

Big Idea

During this topic, we will learn about how the body works and how to keep it healthy. We will make our own healthy food and discuss what function parts of our body have. Here are the main subjects that will be covered:

- Science
- PE
- Art
- Design and Technology.

We will also go on a school trip to Eureka to support our work on the digestive system.

Homework

Homework will be given out on a **Friday** and is to be handed in the following **Friday**, unless otherwise specified.

Spellings

Children will be given a spelling rule that they will learn at home/school and then be tested on this rule the Friday after. Common exception words will be set on Spelling Shed.

Maths

Our focus this term will be on time and the four calculations. We are using Number Gym and TT Rockstars to support our times table knowledge. The option is always there to use these at home as well. MyMaths will also be used to support with home learning.
